School Information

PUC Community Charter Early College High School (CCECHS) was founded by PUC in 2004 as a continuation of the personalized, rigorous education imparted at PUC’s Community Charter Middle School. PUC CCECHS serves the students living in the Northeast San Fernando Valley, with a concentration on the communities of Pacoima, Sylmar and Lakeview Terrace. The mission of PUC Schools is to develop and manage high quality charter schools in densely populated urban communities with overcrowded and low achieving schools. We create school programs and cultures that result in college graduation for all students. We uplift and revitalize communities through the development of educational and other supportive partnerships. PUC CCECHS has developed successful partnerships with Los Angeles Mission College and California State University, Northridge, allowing all students to take college classes during their time at the school. PUC Schools use an educational model based on high expectations for all students, highly qualified teachers and principals, and parents as partners. The school operates on a traditional August-June academic calendar. PUC CCECHS is proud to be recognized as a California Distinguished School.
