## 2017-20 Plan Summary

### The Story

Describe the students and community and how the LEA serves them.

PUC Lakeview Charter Academy is part of a Charter Management Organization called PUC, Partnerships to Uplift Communities. The organization began with one school in 1999 and officially became PUC in 2004. The network now consists of 14 schools which serve 3 specific communities, Northeast San Fernando Valley, Northeast Los Angeles, and Northeast Rochester.

The vision at PUC is that all stakeholders work together, united in a vision of college success for all students. This includes school leaders, teachers, other school staff, parents, community members, and local community organizations such as colleges and universities.

In that students learn in different ways and at different paces and some may have learning gaps that surface as they move through the grade levels, our leaders and teachers use a variety of assessments and data to determine students' needs on an ongoing basis. Classes and overall school size are small enough that teachers can then individualize and provide intervention as needed in order to keep all students on track.

All PUC schools work diligently at creating and sustaining a culture of mutual respect and caring, with an overarching vision of high school and college graduation for all of our students. The culture is grounded in PUC's 3 Commitments which are that we will increase the college graduation rate by 5 times in our communities, that all of our students will be proficient within 4 years at PUC, and students will commit to uplift our communities now and forever.

PUC Lakeview Charter Academy was founded in 2004 in the Northeast San Fernando Valley. 94.86% of PUC Lakeview Charter Academy's students are Hispanic, and 2.29% are African American. 15.43% of the student population is served by the Special Education program, and 16.29% of students are identified English Learners (ELs) and 40% are Reclassified Fluent English Proficient (RFEP) . 89.43% of families qualify for free or reduced lunch. About 28.03% of parents have taken some college course work or Associate's degree, and 11.56% have degrees of any other variety.

### LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The Key features from this year's LCAP are as follows:

We successfully introduced the MAP Growth assessment for all grade levels in Reading and Math. MAP assessment uses score comparisons to show what students know and are ready to learn next in math and reading. Teachers and leaders engaged in training in testing, reports, and data analysis. Students and parents engaged in data analysis and goal setting with MAP data.

We focused our professional development on 1) Culturally Relevant Teaching in order to support rigor and relationships in our school, 2)Data analysis to ensure growth for all students and subgroups, 3)Schoolwide goal of 3.2b Facilitates lesson - cognitive level of student learning experiences, and 4) English Language Development Standards and Instruction under direction of our English Learner Coordinator.

Having completed our anti-bullying roll-out, we shifted our focus to the broader realm of social emotional learning. We implemented social emotional learning in order to support the growth of the whole child and positive school culture.

PUC Lakeview Charter Academy set CAASPP achievement goals based on data for 40% overall Meets and Exceeds in Math and ELA. Academic growth and achievement for all students and subgroups remains a high priority as we strive to ensure that all students are prepared for college success.

## Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

### Greatest Progress

In reviewing progress, the school has a number of areas to celebrate. Of the data reported on the CA School Dashboard, the school achieved a low overall suspension rate (1.4%), as well as a 3.7% improvement in Academic Indicator for ELA. In Basic Services, all teachers are appropriately assigned. Facilities are well repaired and maintained and in good standing order. All students have access to instructional materials, all courses, and intervention, including expanded access to instructional technology. In Implementation of Academic Standards, professional development was expanded and improved in order to meet teacher needs in improving instruction. Another highlight of the year was parent engagement. The school offered parent education classes, conducted school advisory committee meetings, and engaged parents through family events such as student-led conferences. Parent survey 16-17 shows strong satisfaction as evidenced by level 3 or higher on a four point scale. Student satisfaction also remained high, earning a level three on a four-point scale. We also noted that expulsion remained at a low rate. The school also grew in reading comprehension as evidenced by increased lexile scores 16-17.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

### Greatest Needs

Of the data provided on the state dashboard, the school has identified ELA (33% Meets and Exceeds) and Mathematics (27% Meets and Exceeds) achievement as well as English Learner Progress (52.6%) as areas of greatest need. In order to address the areas of greatest need, the school will implement differentiated instruction and instructional technology for intervention within and outside of the school day. The school will also utilize MAP Growth assessment data to inform intervention and engage stakeholders in goal-setting.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

### Performance Gaps

Based on the analysis of the state indicators, there is a performance gap for English Learners and Students with Disabilities in the ELA Academic Indicator, showing red level performance compared to yellow level performance for all students. In order to address this performance gap, the school will implement differentiated instruction and utilize data from MAP Growth assessments to inform planning of intervention.

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

### Increased or Improved Services

The funds will be spent on improving the charter-wide educational program and meeting the academic goals specified earlier in the LCAP. Note that the school has an unduplicated count percentage of 88.52% and therefore, it is deemed appropriate and effective to provide services to these students on a charter-wide basis. In addition, the needs of the unduplicated count population are met based on the charter-wide

educational model and no additional services need to be provided. Design Principles PUC schools are high achievement/high support schools that demonstrate high levels of success. All PUC schools are committed to graduating all students, including those who are academically struggling, while simultaneously preparing all students for college-ready standards and success. Our schools feature a rigorous college-preparatory program of study beginning in sixth grade that includes enrollment in college classes by the senior year in high school. Each school is characterized by a strong college-going culture. The following design principles were honored and put into practice at the University Park Campus School, a school that has consistently demonstrated holding power for students who enter academically behind while achieving college-readiness for all. UPCS is one school that exemplifies these design principles which capture the critical elements of a board range of high achievement/ high support school designs. At PUC Schools we seek to achieve the same level of success as University Park Campus School through alignment to the same core design principles.

**DESIGN AREA 1: ACADEMIC PROGRAM** An Untracked Academic Program that prepares Every Student for College Work Our powerful educational program enables every student to graduate fully prepared for college work. Beginning in grade 6, all students pursue a rigorous college-preparatory curriculum. At the same time, instruction is individualized to connect to each student's particular level of development – including English language learners and special education students. There is no tracking. Instead, there are small classes, supportive relationships with faculty, and extended instructional periods. The middle school curriculum focuses on literacy to address the significant academic and English- language skill gaps of entering students and prepare them for the demanding high school program. A rich and varied arts curriculum is infused into the academic program for all students. At the high school level, the academic program is augmented by student enrollment in college classes.

1. Honors-level program of study for all 2.
- Standards-based curriculum that holds all students to high expectations 3. Engaging instruction that emphasizes learning through inquiry 4. Academic catch-up program combining basic skills with advanced concepts 5. Differentiated instruction that meets the learning needs of each student 6. Immersion for English language learners and inclusion for special education students 7. School-wide literacy program across the curriculum 8. Daily schedule and yearly calendar structured to extend learning 9. Scaffolded exposure to college- level instruction and college courses

**DESIGN AREA 2: SCHOOL CULTURE** A School Culture that Won't Allow Any Student to Fail While the careful design of the academic program is important, it is not the sole driver of student success. Achieving the mission depends equally upon establishing a school community in which everyone shares a deep commitment to one another's success. At PUC Schools, collaboration is the norm. Faculty, students, families, and community partners work together to solve problems and improve results. Teachers and students are empowered to take risks and are not afraid to admit mistakes or ask for help. Such an environment encourages effort and persistence from even the most discouraged learners who enter the school. This demanding but nurturing culture sets PUC Schools apart from other schools that provide a rigorous college-preparatory curriculum for underserved students but lose many students who are discouraged by the academic difficulty. PUC's holding power- its ability to deliver a rigorous college- preparatory program without significant attrition- is perhaps its most note worthy accomplishment.

1. Clear student behavioral norms based on professional norms 2. Formal introduction and mentoring of new students 3. Faculty commitment to "break down" complex material 4. Multiple modes of academic support 5. Consistent adult modeling of core values 6. Faculty commitment to motivate and inspire students 7. Construction of peer culture that supports each other's success 8. Family involvement that supports student success 9. University partnership that reinforces college-going culture

**DESIGN AREA 3: ORGANIZATIONAL PRACTICES** Formal Organizational Practices that Support the Academic Program and School Culture PUC has implemented a set of formal organizational practices that support the execution of the academic program and sustain the culture of excellence. These practices allow staff to maintain a disciplined focus on mission and results while building the organization's capacity to adapt to new circumstances and learn from mistakes.

1. Data- driven approach to curriculum, instruction, and school design 2. Hiring and development of faculty with skills and values to fulfill school mission 3. Shared leadership and collective decision-making 4. Student role in shaping school direction 5. Use of external standards to prevent erosion of internal standards 6. Development of common tools to ensure consistent academic expectations 7. Multi-faceted staff development that continuously improves teaching quality 8. Use of school- wide literacy program to focus staff on achieving school mission 9. Formal organizational arrangements that maximize college and university partnerships 10. Deployment of staff and other

resources in flexible and creative ways 11. Leaders who serve as “keepers of the flame,” reinforcing mission and culture In addition to the fact that our overall program is designed to address the needs of our principally low income student population, specific services and actions are dedicated to English Learners and Foster Youth: In order to meet the needs of English Learners, PUC LCA has allocated funds for an English Learner Coordinator to provide resources and staff development in English Language Development Standards and Integrated and Designated ELD supports.

## Budget Summary

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION	AMOUNT
Total General Fund Budget Expenditures for LCAP Year	\$4,378,934
Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year	\$866,970

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

The largest General Fund budget expenditures not shown in the LCAP are personnel costs (certificated and classified), except where noted in the LCAP. There are other expenses for facilities, utilities and technology hardware and software also not included in the PLAN.

### Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Human Resource department ensured proper hiring and placement of credentialed teachers.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

When including those on permits and fully credentialed teachers, we are approaching and nearly meeting our goal.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There were no material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

In order to fully meet this goal, we have maintained a full time credential analyst to work with the Human Resources Team and Recruitment has increased efforts to recruit fully credentialed teachers.

### Goal 2

Students, including all significant student subgroups (Hispanic or Latino, Socioeconomically Disadvantaged, English Learners, and Students with Disabilities), will have access to standards-aligned materials and additional instructional materials as outlined in our charter petition.

State and/or Local Priorities Addressed by this goal:

Describe the overall implementation of the actions/services to achieve the articulated goal.

School worked within its budget to purchase instructional materials and supplies in alignment with the charter petition. Professional development activities were delivered to support quality implementation.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions taken ensured that all students had 100% access to Standards-Aligned instructional materials. Superintendents and Board provided oversight.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Although LCA allocated funding for textbooks, instead, LCA utilized teacher created materials and used educational websites to supplement their educational program.

LCA allocated funding for books and instructional materials for the 2017-18 school year, about 50% budgeted was actually used to purchase instructional materials.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will continue with actions and services for this goal to ensure sustained achievement of this goal long term.

### Goal 3

Annually, 90% all items on Monthly site inspection checklists are compliant, 90% of bi-annual Facility Inspection checklists are compliant/good standing and 100% of identified Required Corrections will be corrected within three months. **Goal 4**

- School will fully implement state-adopted ELA and Math academic content and performance standards by School Year 2014-15 for all students, including subgroups.

- School will seek to implement academic content and performance standards for all core subjects *as they are adopted by the state.*
  - Teachers will participate in annual professional development on the implementation of the Common Core State Standards
- All students will gain academic content knowledge through the implementation of state- adopted academic content and performance standards

State and/or Local Priorities Addressed by this goal:

### Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Implementation 1: Teachers received P.D. at the school site and organizationally around backwards planning, rigor, and relevance. Teachers engaged in data analysis on specialized professional development days. VAPA team received their own p.d. through our coordinator for VAPA and through outside organizations. Finally, participant survey data was collected and analyzed following each p.d. in order to inform upcoming plans. Implementation 2: Teachers were able to disseminate new learning at the school site or organizationally through staff meetings and Community of Practice.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

As a result, Common Core standards were 100% implemented at the school site. In addition, backwards planning, rigor, and relevance improved across the school.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There were no material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Professional development will continue to grow and improve in order to meet this goal, based on needs arising from achievement data in addition to the needs of the staff and leaders. We will continue to seek ways to expand opportunities for outside professional development for our teachers.

### Goal 5

- Parents will attend a minimum of 6 family meetings
- Annually, school advisory council will have a minimum of 2 parent members attending quarterly meetings.
- School will provide Parent Engagement Workshops

State and/or Local Priorities Addressed by this goal:

State Priorities: 3. Parent involvement  
 Local Priorities: Specify Parental Involvement Parental involvement, including parent participation and efforts to seek parent input for decision-making

### Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

In addition to fulfilling the plans for this goal, the school continued to increase publicity for family meetings, including personal phone calls to ensure increased attendance. School partnered with PUC Valley Parent Center instead of an outside agency to offer parent engagement workshops. Parent Center Advisory Council provided in put on topics for workshops

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Actions taken in alignment with this goal not only ensured access but also increased offerings, stakeholder input opportunities, and participation.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There were no material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

The school plans to continue with the initiatives around parent access and engagement to continue to meet the goal. PUC Valley schools responded to parent requests for a PUC parent center and formed a center guided by a parent advisory panel. Panel surveyed parents to generate core areas for workshops. As such, school modified LCAP in areas of Goal 5, Action 3, and Budget for Action 3.

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Student growth and achievement data was analyzed in order to place students in intervention programs as needed. Students received intervention based on their individual needs. Resources used to provide intervention.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Based on 16-17 state assessments results, school is making progress toward goal of meeting or exceeding state targets.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

No difference between Estimated Actuals and Budgeted Expenditures for Data Tracking Tools such as Illuminate. The cost for TTM was lower than anticipated.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

In the coming year, we plan to expand the data collection and instructional technology resources in order to improve data collection and increase support for intervention programs.

School will meet the annual API Growth Target, or equivalent, as mandated by the CA State Board of Education.

Teachers received P.D. at the school site and organizationally around backwards planning, rigor, and relevance. Teachers engaged in data analysis on specialized professional development days. VAPA team received their own p.d. through our coordinator for VAPA and through outside organizations. Finally, participant survey data was collected and analyzed following each p.d. in order to inform upcoming plans. In addition, teachers participated in Milestones meetings to collaborate on proper scope and sequence of standards and opportunities for intervention.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

PD Survey results have a high satisfaction rate. We are currently awaiting post-assessment Reading Levels, which will later be replaced by state assessment results. CA School Dashboard Fall 2017 shows Yellow for ELA and Suspension Rate, Orange for Math, and Red for English Learner Progress. Based on the available data, the school feels the actions are appropriate and will bring continued growth.

## Stakeholder Engagement

LCAP Year: 2018-19

### Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

September 29, 2017--SAC Meeting The LCAP was reviewed with the School Site Advisory Committee.

May 31, 2018—Site Advisory Council LCAP Stakeholder Input Meeting The school hosted a School Advisory Council focused on LCAP and Annual Update. All stakeholders were invited, including school staff, parents, students and community members. Participants had the opportunity to review key features of the LCAP and provide input through questions and general comments. Reflection questions included: What do you see in the plan that you agree with and that aligns with your own priorities? What, if any, recommendations do you have for changes to the goal(s) and spending within this state priority?

June 4, 2018-- Superintendent Review of Stakeholder Feedback The PUC Superintendents met to analyze stakeholder feedback gathered from May 30 meeting. Superintendents considered all recommendations for additions or changes to the existing draft LCAP goals and metrics and worked to adjust the document to reflect the voices of all stakeholders in the school community. Superintendents also planned to engage stakeholders at the next opportunity by summing up the themes of this input and next steps based on stakeholder recommendations.

June 20, 2018-- The school's Board of Directors reviewed and approved the LCAP.

### Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

Stakeholder feedback from the May 31 Site Advisory Council meeting confirmed the direction of the current LCAP and provided some important considerations for refinements. Feedback showed strong alignment with the overall plan, and particularly with goals and plans supporting: well qualified teachers, student growth and achievement, parent engagement, and support for English Learners. Participants expressed support for proposed changes and identified progress and areas of need.

Based on a review of stakeholder input, three changes were made to the 18-19 LCAP. First, in Goal 2 supporting student access to standards-aligned materials and additional instructional materials, we added "literacy leveled materials." This change emphasizes the critical role that literacy places in achieving the vision of college success for all students. Second, the parent engagement goal will be altered in Action 3 to indicate that the Parent Engagement and Intervention Services Manager will incorporate parent input into the planning of parent workshops. We want to ensure that parents' voices are honored and their input is used to inform decision-making. Finally, in Goal 10 "EL Students will be reclassified as Fluent English Proficient annually," the school will revise the Service of ELD Curriculum to incorporate External ELD Trainings as well. This change will ensure that school staff have access to the latest best practices in supporting English Learners.

The school will report back to stakeholders in the coming year to review the input, including alignment and recommendations, and increasing opportunities for stakeholder engagement in LCAP for the coming year.

**Demonstration of Increased or Improved Services for Unduplicated Pupils**

LCAP Year: **2018-19**

Estimated Supplemental and Concentration Grant Funds:	\$852,919	Percentage to Increase or Improve Services:	33.08%
---	-----------	---	--------

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds [\(see instructions\)](#).

The LCFF investments are targeted to low-income, English Learners and Foster Youth students, which aim to fulfill the commitment of providing essential resources for the purpose of closing the achievement gaps that currently exist for these sub-groups. The funds will be spent on improving the charter-wide educational program and meeting the academic goals specified earlier in the LCAP. Note that the school has an unduplicated count percentage of **89.0%** and therefore, it is deemed appropriate and effective to provide services to these students on a charter-wide basis. In addition, the needs of the unduplicated count population are met based on the charter-wide educational model and no additional services need to be provided.

It is done through a strategic investment plan aimed at ensuring all of our students are college and career ready, graduating at a higher rate, provided access to high quality curriculum and instruction, attending school every day and supported by effective employees in safe school environments. The goals that drive PUC Lakeview Charter Academy's LCAP provide a roadmap for targeting resources and improving outcomes through more accountability. The additional supplemental and concentration funds identified in the school's LCAP provide an opportunity to fully integrate and improve services for unduplicated pupils by augmenting personnel and academic supports to improve their learning environment and drive academic outcomes. Because of our unduplicated student population count, all of these actions and services are being performed school-wide with the exception of specific and additional action and services that support identified English Language Learners. These investments are aimed at expanding the arts program, providing new and updated classroom libraries, reducing class size for English Language Arts and Mathematics, increasing counseling support, and providing intervention and support programs to youth on their path to graduation. The decision to use the funds in this manner is based on the input from multiple stakeholder groups consisting of employee, parent, community and student members. These funded programs are supported by a number of evidence-based practices that ensure staff is properly serving the targeted youth and aimed at achieving improved academic outcomes.

Specifically, the PUC Lakeview Charter Academy is providing resources to:

- Continue with smaller class sizes.
- Teacher Leaders for professional development for integrated and designated ELD support
- Continue assistance for clerical, custodial/maintenance, counselor and administrative support.
- Increase college, career and academic counseling support for high school students(for HS only)
- Support students needing to meet A-G academic requirements and ensuring students are on-track for graduation(HS only)
- Increase restorative justice programming.
- Continue investing in data systems for tracking student progress, including homeless youth.

LCAP Year: **2017-18**

Estimated Supplemental and Concentration Grant Funds:	\$793,899	Percentage to Increase or Improve Services:	33.84%
---	-----------	---	--------

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds [\(see instructions\)](#).

**ACTIONS/SERVICES CONTRIBUTING TO MEETING THE INCREASED OR IMPROVED SERVICES:**

The details of the action and services and expenditures of the Supplemental and Concentration grant funds are articulated in this plan. These include teacher and administrative recruitment and development, intervention programs, social/emotional supportive programs, strategic professional development, data tracking, programs, and software to better serve all our students including low income, Foster Youth, and English Learner population. Additionally, funds support parent engagement, parent education, as well as stakeholder involvement support and resources. Because of our unduplicated student population count, all of these actions and services are being performed school-wide with the exception of specific and additional actions and services that support identified English Language Learners. Finally, students with IEPs who are also low-income, foster youth and English learners will receive stated support.
