2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

PUC Santa Rosa Charter Academy is part of a Charter Management Organization called PUC, Partnerships to Uplift Communities. The organization began with one school in 1999 and officially became PUC in 2004. The network now consists of 17 schools which serve 3 specific communities, Northeast San Fernando Valley, Northeast Los Angeles, and Northeast Rochester.

The vision at PUC is that all stakeholders work together, united in a vision of success for all students. This includes school leaders, teachers, other school staff, parents, community members, and local community organizations such as colleges and universities.

In that students learn in different ways and at different paces and some may have learning gaps that surface as they move through the grade levels, our leaders and teachers use a variety of assessments and data to determine students' needs on an ongoing basis. Classes and overall school size are small enough that teachers can then individualize and provide intervention as needed in order to keep all students on track.

All PUC schools work diligently at creating and sustaining a culture of mutual respect and caring, with an overarching vision of high school and college graduation for all of our students. The culture is grounded in PUC's 3 Commitments which are that we will increase the college graduation rate by 5 times in our communities, that all of our students will be proficient within 4 years at PUC, and students will commit to uplift our communities now and forever.

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

The Key features from this year's LCAP are as follows. First, Professional Development for parents and Staff has been very successful. We have offered parents opportunities for learning and growing not only as parents but also as community members. We have also offered tremendous Professional Development for Intervention as a means to meeting the needs of all learners. We have provided Instructional Technology as a support to Intervention in and out of the classroom.

We have also continued our training and implementation of our No Bully program with great success. We have continued to train our Solutions team members along with all employees on the school site. The restorative justice practices that have been part of No bully have positively impacted culture as well as attendance, and suspension data.

Finally, our programs have been positively impacted by the implementation of our Instructional Coaches. Currently, our English Learner Coach serves the PUC organization and provides support through coaching and Professional Development. This has supported the development of all teachers and staff members in order to support the growth of all of our EL Learners.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

GREATEST PROGRESS

In reviewing progress, the school has a number of areas to celebrate. In Basic Services, all teachers are appropriately assigned. Facilities are well repaired and maintained and in good standing order. All students have access to instructional materials, all courses, and intervention, including expanded access to instructional technology. In Implementation of Academic Standards, professional development was expanded and improved in order to meet teacher needs in improving instruction. Another highlight of the year was parent engagement. The school offered parent education classes, conducted school advisory committee meetings, and engaged parents through family events such as student-led conferences. Parent survey shows strong satisfaction as evidenced by level 3 or higher on a four point scale. Student satisfaction also remained high, earning a level three on a four-point scale. We also noted that expulsion remained at a low rate. The school also grew in reading comprehension as evidenced by increased lexile scores.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

GREATEST NEEDS

Of the data provided on the state dashboard, the school has identified ELA and Mathematics achievement as areas of greatest need, which is also aligned to our LCAP goals. Santa Rosa will focus on improving the suspension rate for EL students. The school will continue to work with students and their families for behavioral support as well as utilize the clinical counseling and focus on Social Emotional Learning. In order to address the areas of greatest need, the school will implement instructional technology for intervention within and outside of the school day. The school will also expand the curricular resources for all teachers.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

Based on analysis of the state indicators, the school has a performance gap in Suspension for English Learners. In order to address this gap, the school will continue to develop its restorative justice practices, including the expansion of alternatives to suspension, and continued implementation of behavior support plans where appropriate.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Teachers received P.D. at the school site and organizationally around backwards planning, rigor, and relevance. Teachers engaged in data analysis on specialized professional development days. VAPA team received their own p.d. through our coordinator for VAPA and through outside organizations. Finally, participant survey data was collected and analyzed following each p.d. in order to inform upcoming plans. In addition, teachers participated in Milestones meetings to collaborate on proper scope and sequence of standards and opportunities for intervention.

2018-19

2019-20

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

The 2017-18 LCAP was developed by gathering input from key stakeholders comprised of Founders, Board Members, administrators, teachers, parents, and students. The local strategic plan focused around the eight State Priorities and anchored in the PUC Commitments:

Commitment 1: Five times more college graduates within the communities we serve

Commitment 2: After four years with us students are proficient

Commitment 3: Students commit to uplift our communities now and forever

The state's Local Control Funding Formula (LCFF) and LCAP process became a reality for the school. PUC Santa Rosa took what we learned from our Strategic Planning process, aligned this information with the state's 8 LCAP priority areas, and proceeded to carry out key stakeholder meetings from 9/2016 – 4/2017, mainly in the form of School Advisory Councils (SAC).

Public Hearing: 6/20/17

Board Meeting: 6/20/17

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

Stakeholders were in alignment with the LCAP. They agreed that attendance and teacher recruitment and credentialing were very important and funds should be focused on that. Although it doesn't affect budgetary expenses for the LCAP, stakeholders would like to see Student Council.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year

2017-18

2018-19

2019-20

Estimated Supplemental and Concentration Grant Funds:

\$475,555

Percentage to Increase or Improve Services:

33.99%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

The details of the action and services and expenditures of the Supplemental and Concentration grant funds are articulated in this plan. These include teacher and administrative recruitment and development, intervention programs, social/emotional supportive programs, strategic professional development, data tracking, programs and software to better serve all our students including low income, Foster Youth and English Learner population. Additionally, funds support parent engagement, parent education, as well as stakeholder involvement support and resources. Because of our unduplicated student population count, all of these actions and services are being performed school-wide with the exception of specific and additional action and services that support identified English Language Learners. Finally, students with IEPs who are also low income, foster youth and English learners will receive stated support.
