Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (Priority 1)

- Number/percentage of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC). For LEAs that use the California Department of Education's SARC template, this information will be auto-populated within the web-based evaluation rubrics system. LEAs that do *not* use the California Department of Education's SARC template will have to input this information manually in the web-based evaluation rubrics system.

Parent Engagement (Priority 3)

LEAs will provide a narrative summary of their progress toward (1) seeking input from parents/guardians in school and district decision making; and (2) promoting parental participation in programs.

The summary of progress must be based *either* on information collected through surveys of parents/guardians *or* other local measures. Under either option, the LEA briefly describes why it chose the selected measures, including whether the LEA expects that progress on the selected measure is related to goals it has established for other LCFF priorities in its Local Control and Accountability Plan (LCAP).

OPTION 1: Survey - If the LEA administers a local survey to parents/guardians in at least one grade within each grade span that the LEA serves (e.g., K–5, 6–8, 9–12), summarize:

1. the key findings from the survey related to seeking input from parents/guardians in school and district decision making;
2. the key findings from the survey related to promoting parental participation in programs; and
3. why the LEA chose the selected survey and whether the findings relate to the goals established for other LCFF priorities in the LCAP.

Narrative:

PUC TCA MS and PUC TCHS

The family survey is conducted annually in the spring. The comprehensive survey consists of 5 categories; Facilitation, Family Expectations, Respect, Safety and School Climate. The survey was created by the PUC Schools Charter Management organization. The family survey has questions related to LCAP goals centered on parent engagement:

- I am able to talk to teachers at this school about how to help my child learn better
- I am able to talk to teachers at this school about my child's academic progress
- I feel welcomed in this school
- I have had sufficient opportunities to get involved in supporting the school

The LCAP goals centered on parent engagement:

- 100% Parent access to opportunities for participation, and input on decision-making
 - Family Meetings, School Advisory Council, Coffee with the Principal
- School will provide a minimum of 6 Family Meetings
- School will invite 2 parents to attend all School Advisory Council Meetings.
- School will engage with outside organization to provide training and development for Parent Engagement.

PUC TCA MS and PUC TCHS received a score of 4.17 of 5 (combined) in 2016-17. This is a level III of IV with the rubric narrative of:

Level III: Proficient Performing School: The school has developed goals, processes, and supports for all students with a clear focus on sub-groups. The school has specific and consistent rituals and routines in place to support clear and well-communicated school site rules and expectations. The school demonstrates growth and improvement over the year. The school has systems in place for students to reflect on academic and personal growth. Occasional problems with student behavior occur. The inter-relational climate reflects a good morale and some collaboration

PUC Schools Local Indicators Self Scoring Tool

amongst the staff. The school provides a good amount of resources and learning experiences for students to meet academic expectations. Parents are comfortable on campus; they are asked to participate in events and have some contact with teachers beyond just formal meetings. Teachers care about students and provide help. The school campus is clean, safe, and free from vandalism.

Specific to a trend analysis of the survey results show the following:

The family survey for PUC TCA MS shows that families feel welcome, are able to talk to teachers and are satisfied with overall education at the school. The family survey for PUC TCHS show many similarities. The results shows that families feel welcome and the school has high expectations for the students. They see adults who will do whatever they can to support their children. The families have high expectations for their child to graduate high school and attend college. The family survey results for PUC TCA MS and HS make reference to having sufficient opportunities to get involved at the school.

Additional Data Gathering sources:

The school also collects data from their monthly School Advisory Council (SAC) meetings and Coffee with the Principal meetings. The school board reviews SAC meeting notes annually.

OPTION 2: Local Measures - Summarize:

1. the LEA's progress on at least one measure related to seeking input from parents/guardians in school and district decision making;
2. the LEA's progress on at least one measure related to promoting parental participation in programs; and
3. why the LEA chose the selected measures and whether the findings relate to the goals established for other LCFF priorities in the LCAP.

Examples of measures that LEAs could select are listed below.

- A. Seeking Input in School/District Decision Making
 1. Measure of teacher and administrator participation in professional development opportunities related to engaging parents/guardians in decision making.
 2. Measure of participation by parents/guardians in trainings that also involve school/district staff to build capacity in working collaboratively.
 3. Measure of parent/guardian participation in meetings of the local governing board and/or advisory committees.
- B. Promoting Participation in Programs
 1. Measure of whether school sites have access to interpretation and translation services to allow parents/guardians to participate fully in educational programs and individual meetings with school staff related to their child's education.
 2. Measure of whether school sites provide trainings or workshops for parents/guardians that are linked to student learning and/or social-emotional development and growth.
 3. Measure of whether school and district staff (teachers, administrators, support staff) have completed professional development on effective parent/guardian engagement in the last two school years.

School Climate (Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey that captures a valid measure of student perceptions of school safety and

PUC Schools Local Indicators Self Scoring Tool

connectedness in at least one grade within the grade span (e.g., K–5, 6–8, 9–12). Specifically, LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey that is particularly relevant to school safety and connectedness.

Narrative:

PUC TCA/TCHS

PUC Triumph Charter Academy and PUC Triumph Charter High School conducts an annual student survey. The comprehensive survey consists of 7 Constructs; Captivate, Care, Challenge, Clarify, Confer, Consolidate, and Control. Each teacher and every grade level is surveyed.

Questions and Favorable Ratings in the survey that relate to safety and connectedness are as follows:

PUC TCA:

Construct	Item/Question	% Favorable Rating General Education
Captivate	My teacher makes learning enjoyable	61%
Care	My teacher in this class makes me feel that she really cares about me	67%
Care	My teacher really tries to understand how students feel about things	59%
Confer	My teacher respects my ideas and suggestions	77%
Confer	My teacher wants us to share our thoughts	74%
Consolidate	My teacher checks to make sure we understand what s/he is teaching us	78%
Control	Student behavior in this class is under control	60%

PUC TCHS

Construct	Item/Question	% Favorable Rating
Captivate	My teacher makes learning enjoyable	70%
Care	My teacher in this class makes me feel that she really cares about me	73%
Care	My teacher really tries to understand how students feel about things	73%
Confer	My teacher respects my ideas and suggestions	78%
Confer	My teacher wants us to share our thoughts	78%
Consolidate	My teacher checks to make sure we understand what s/he is teaching us	79%
Control	Student behavior in this class is under control	75%

PUC TCA received an overall score of 4.02 of 5, Level III of IV. PUC TCHS received an overall score of 4.15 of 5, Level III of IV. Focus for PUC TCA is ensuring strong Rituals and Routines are common across all teachers and grade levels as well as a focus on Tiered Intervention as represented in the

PUC Schools Local Indicators Self Scoring Tool

Pyramid for Behavior Intervention. Focus for PUC TCHS is on differentiating to meet the needs of all learners while pushing students to take responsibility and initiative for creating a culture of scholarliness in and out of the classroom.
