

7 Day Meal Starter Kit

Ingredients & brand names are subject to change

With food insecurity still on the rise as a result of COVID-19, we are committed to continue to expand our meal offerings so that children have more opportunities to eat well, especially during school breaks when usually the most hunger is faced.

Each Meal Starter Kit is a fully reimbursable box that can be claimed as 7 breakfasts and 7 lunches. Seasonal bulk ingredients can be used by families to prepare meals along with their pantry and fridge staples.
